Tasting notes

The fruit for the ESP 'reserve cuvee' Cabernet is mainly sourced from vines dating back to 1949. Darker fruits on the nose and palate than the Estate Cabernet, the ESP has a richer palate spectrum with more poise and power. Intense black fruits, coffee, black olives and more spice with excellent concentration of fruit on the finish. A wonderfully impressive expression of Cabernet Sauvignon.

About the producer

With vines dating back to 1860, Tahbilk is one of the oldest established wineries in Australia. Based in a lakeland area of Victoria, which cools the climate somewhat, this terroir is ideal for the grapes of the Northern Côtes du Rhône - particularly white Marsanne and red Syrah/Shiraz.
