## Tasting notes

---

This wine always stand out from the crowd, partly because the vines are very old having been planted in the 1930s. The bouquet has an almost ethereal quality with very delicate and pure redcurrant notes and a seductive, tropical violet character, mingled with lighter touches of rose petals and wild flowers. Behind this there is darker richer quality which also expresses itself on the palate but there a delicate floral character here too which combines with refreshing acidity giving great elegance. Drink from 2016.
