Tasting notes

Dobles Lias means Double Lees in Spanish and this wine spends 20 months on the lees. Extended lees contact is a traditional Burgundian technique which adds richness, texture and complexity. This has the richness and sumptuous texture associated with this extended ageing yet remains perfectly clear, focussed and precise. The weight and power is set off perfectly by fresh acidity and a real vein of mineral, salty freshness. This is deeper and more serious than the Masia as one would expect since the Dobles Lias is made only from the top, age-worthy parcels. The Dobles Lias will cellar well but is stunningly expressive, layered and quite simply spectacular today. There is certainly no need to wait.
