About the producer

Agricola Punica is based in the dramatic hills of southern Sardinia. The project was created as a collaboration between the Sardinian Santadi family; Dr Giacomo Tachis, the oenologist considered the architect of the Super-Tuscan movement; and the Marchese Incisa Della Rocchetta, winemaker of Sassicaia. In the words of Antonio Galloni: “how’s that for an all-star team?” The purple capsule and round logo of Barrua is a subtle nod to these illustrious origins, while the name Agricola Punica references the ancient Punic civilisation - whose ruins are found among across Sardinia.
