### Tasting notes

---

This dry crémant is a great alternative to champagne. Beautiful nose with fresh pears and apples. The palate is elegant with a lively acidity, brioche and dry fruits notes. You will be quickly seduced by its lightness and freshness.

### Reviews

---

A very dry, pure Chardonnay matured in contact with the lees for 18 months and bottled as a Brut, with less than three grams of sugar. The nose is clean and subtle, with some simple notes of white fruit, flowers and a little yeast character. The palate is fresh, equally clean, straightforward and easy to drink.
